Assignment Submit Details

Spring 2012

- All of your submissions must include a minimum of **four** separate files:
 - **File 1:** A short **write-up** that **first** specifies what you think your **degree of success** with a project is (**from 0% to 100%**), followed by a brief discussion of your approach to the project along with a **detailed description** of any problems that you were **not** able to resolve for this project. **Failure to specifically provide this information will result in a 0 grade** on your assignment. If you do **not disclose** problems in your write-up and problems are detected when your program is tested, you will receive a grade of 0. **Make sure that you include your email address in your write-up so that the corrector can email you your grade.**
 - **File(s) 2(a, b, c, ...):** Your **complete source code**, in one or more **.c** and/or **.h** files
 - **File 3:** A **make file** to build your assignment. This file must be named **Makefile**.
 - **File 4:** A file that includes your **resulting output** run(s) from your project. This is a simple text file that shows your output, but make sure that you annotate it so that it is self descriptive and that all detailed output is well identified.

- The submit syntax issued from a shell prompt for your first assignment is:

```
submit skurunji 305a1 <your_directory>
```

where **<your_directory>** is the name of the directory with exactly your required submission files in it, and the assignment name will vary from **305a1 to 305a2 to 305a3, etc.** **Swathi Kurunji** ([Swathi Kurunji@student.uml.edu](mailto:Swathi.Kurunji@student.uml.edu)) is the TA and assignment corrector for this course, and she will email you your grade and any details about points you may have lost on each assignment. **It is very important to make sure that you include your email address in the write-up portion of your submission, so Swathi can return your grade to you.**

- Assignments are **graded** from **0 – 10 in half point (0.5) increments**, and, as outlined in the class syllabus, will **lose 1 point for each class day they are late up to a total of 5 late points**. Assignments may be submitted until midnight of the last class day of the semester (May 7).

- **Swathi Kurunji** has an office in Olsen 212A, and she will have weekly office hours on:

Wednesday 11:00 - 12:00

Friday 11:00 - 12:00

You can also contact her by email if you have questions regarding course details and especially assignment grades.
