91.304 Announcements

4/24/2015

- Instructor: Assoc. Prof. Karen Daniels
  - Office: OS 216
  - Email: kdaniels@cs.uml.edu
  - Office hours: T,R 3:30-4:30 pm
- TA: Hao Zhang (grades homework and helps grade exams)
  - Email: Hao_Zhang@student.uml.edu
  - Office hour: Wednesdays 4:00-5:00 p.m. in OS 212A.
- Due to snow storms:
  - A revised syllabus, including some Friday lectures, is on the web.
    - Links to recorded lectures were emailed.
- Please read Chapter 4 in the textbook.
- HW#1, #2, #3, #4 were graded and solutions were distributed.
- HW#5 is being graded.
- HW#6 covers our work in Ch. 4.
  - It is due 4/30.
  - Please be sure to attach signed honor statement.
- No late homework can be accepted after solutions have been distributed. In order to allow our TA adequate time to grade assignments, no late homework can be accepted beyond our 4/30 lecture. If you have any questions about how your homework has been graded, please resolve those questions with our TA Hao prior to the final exam.
- Midterm letter grades were calculated based on midterm exam and HW#1 - #3.
- FINAL EXAM has been scheduled: Monday, 5/4, 11:30 am – 2:30 pm. Room: OS 402.
  - closed book, 2 double-sided note sheets;
  - practice problems will be distributed;
  - review 4/30 in class.
- Students are reminded of the course policy on academic honesty. Homework should be your own work unless otherwise authorized. For homework hints, see Prof. Daniels or our TA. These hints may be shared with the class via our web site. Acknowledge in writing any hints that you have received. An honor statement must be signed and submitted with each homework assignment. An electronic copy of the honor statement is on the homework part of the course web site. Students are reminded that it is not acceptable to use web solutions in your homework. See Prof. Daniels if you have any questions about our honor policy.
- Please keep a copy of each homework assignment that you submit.
- In general, we will assemble homework solutions based on the best correct solutions provided by class students. If no one obtains a correct solution, then our TA and Prof. Daniels will supply one. If you would not like any of your correct solutions to be shared with the class, please contact Prof. Daniels and we will respect your preference.
